INDEX TO VOLUME 11

The star (*) preceding the page number indicates an original article in THE ARCHIVES. No author entries are made except for original articles. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

PAGE

Abscesses, self-inoculated multiple..... 104
Acarus scabiei, discovery, history of..... 379
Acne bacillus, cultural requirements.....*354
bacillus, relation to acnitis.....*339
keloid 137
severe, of face..... 532
varioliformis 682
Acnitis, bacteriologic findings in.....*339
Acriflavine, action of..... 665
Acrodermatitis chronica atrophicans.....
.....100, 558, 679
chronica atrophicans with scleroderma
..... 100
Acrodynia (?) 408
erythredema; pink disease, so-called acrodynia in infants and young children *166
Acroparesthesia, Addison's disease with.... 252
Actinomycosis of female genitals..... 836
pelvic 829
Adams, W. B.: Rat-bite dermatitis.....*654
Addison's Disease, acroparesthesia with.... 252
studies in 665
syphilitic 389
Adenoma sebaceum 849
sebaceum circumscriptum 130
sebaceum (Pringle type)..... 706
Alopecia areata, blood changes in..... 382
areata, pseudopelade 274
diffuse tertiary syphilitic.....99, 526
persistent, production by roentgen radiation 667
seborrheic, ultraviolet rays in..... 531
totalis 557
universal 405
Amebiasis cutis, with survey of literature.. *49
m-Aminoparaoxyphenylarsenic acid, action of formyl derivative of, against nagana of mice and spirillosis of chickens..... 531
toxicity of some derivatives of..... 531
Anaphylaxis, protein sensitization in pruritus with lichenification.....*751
Andrews, G. C.: Congenital ectodermal defect 662
Anemia, pernicious, relation to syphilis.... 392
pernicious, relation to sprue..... 828
Angina pectoris and syphilis..... 388
Vincent's, during syphilis treatment..... 664
Angiokeratoma Mibelli 397, 668
Angiolupoid, resembling secondary syphilids
..... 530
study of 530
Angioma, hemangio-lymphangioma, circumscribed keratosic 679

Angioma—Continued PAGE
hemangio-lymphangioma circumscriptum.. 708
hemangioma, extensive, of leg and buttock 564
hemangioma, orbital, treated with radium 830
linear dermatosis (probable nevus)..... 528
multiple 570
nevus flammeus 119
treatment 244
treatment of roentgen telangiectasia..... 116
twins and nevi..... 253
vascular nevus 119
Aorta in children..... 397
Aortitis, syphilitic, incidence, with interstitial and parenchymatous neurosyphilis 533, 822
syphilitic aortic insufficiency..... 663
syphilitic, treatment of..... 398
Apoplexy: See Brain hemorrhage
Argyria 379, 400
Arsenic, Bordet-Wassermann reaction of cases resisting 529
cancer: See Cancer
colloidal preparations, radiocubital polyneuritis following 525
cutaneous effects of..... 392
excretion through kidney after arsphenamin intravenously 245
pigmentation, with dermatitis herpetiformis 572
Aspergillus niger; fungus of tongue..... 107
Arsphenamin: See also under Neo-Arsphenamin; Sulpharsphenamin; Syphilis, treatment
blood picture after..... 668
effect of glucose on stabilization of solutions of *658
eruption resembling lichen planus..... 242
infiltrates, treatment of..... 835
"old," absence of reactions with, in syphilis 830
poisoning 824
Asphyxia, symmetrical, of extremities..... 530
Atrophia cutis maculosa..... 405
Autohemotherapy in furunculosis..... 527
Ayres, S., Jr.: Glucose tolerance reactions in eczema *623

Baldness: See Alopecia
Barney, R. E.: Cactus spine pseudotubercle,
.....*331
Befallungspilze: See under Fungus
Belding, D. L.: Wassermann test; effect of sulpharsphenamin on Wassermann reaction *736
Betel-nut dermatitis of lips..... 826
Bismuth: See also Syphilis, treatment
elimination of 531
nitritoid crisis following..... 387
paralysis of cranial nerves during treatment with 529
pharmacology of 255
poisoning, acute 832

Bismuth—Continued PAGE
soluble injections of 525
sudden death after 114
Blastomycosis (?) at site of herpes zoster lesions 562
cutis, new type of 827
of nose 415
Blood viscosity in trophic disturbances of circulation 246
Book Reviews:
Anaphylaxis and Sensitization; R. C. Low 143
Handbuch der Salvarsantherapie; W. Kolle and K. Zieler 874
Introduction to Dermatology; N. Walker 874
Miceti Patogena Dell'uomo e Degli Animali; G. Pollacci and A. Nannizzi 573
Pathogenic Microorganisms; Park and Williams 418
Principles and Practice of Dermatology; W. A. Pusey 143
Bowen's Disease 390
Brain hemorrhage, due to a specific reaction 524
Bread, intolerance to 110, 251
Bromid eruption 413, 692
eruption, case for diagnosis; bromoderma? 272
eruption due to bromo-seltzer 97
eruption, saline injection for bromoderma 264
Bromoderma: See Bromid eruption
Brown, H.: Experimental studies in eczema *283
Brown, M.: Roentgen-ray treatment of various dermatoses *764
Brown, W. P.: Epidermolysis bullosa *183
Bündelhaar: See Trichostasis spinulosa
Burky, E. L.: Cultural requirements of acne bacillus *354
Butler, J.: Erythredema; pink disease, so-called acrodynia in infants and young children *166
Butyn dermatitis 99

Cactus spine pseudotubercle *331
Calhoun, T. J.: Epidermolysis bullosa *183
Cancer, arsenic 392
arsenic, of occupational origin 536
biology of 115
cells, effects of various salts on 247
diagnosis 823
electrothermic methods in 825
experimental, morphogenesis and histogenesis of 399
experimental pathology 823
experimental research 834
experimental roentgen-ray cancer 117
external 824
germs in 114
heredity of 115
histologic study of cause of 399
irritation and infection 831
nature of 110
of breast, postoperative irradiation 399
of breast, roentgen-ray exposure after mammectomy 252
of lip, irradiation in 666
of mice 540
of penis, treatment 668
Cancer—Continued PAGE
of uterus, radiotherapy for 114
prickle-cell type 416
pruritus as early symptom of 116
serologic tests for 110
soot cancer 253
tar, influence of fats on 397
Capillaries, surface, photomicrographic studies of morphology of 665
Carbohydrate metabolism in eczema *623
Carbon tetrachlorid, hypersensitiveness to .. 664
Chancre, double vulvar 405
ectogenital 250
local reaction of Bordet-Wassermann in serum of 522
meatal, with secondary infection 406, 872
nasal, with severe manifestations 400
of lower lip 405
of scalp 667
of tongue? 273
of tonsil 270
of vagina 532
primary, of palpebral conjunctiva 98
Chancroid 396
auto-inoculation with 538
chancroidal infection 536
extragenital chancroidal infection? 272
Chickenpox and herpes zoster 117, 833
meningitis 252
prophylaxis 96
smallpox and 836
transmission, to rabbits 107, 377
Chondrodermatitis nodularis chronica helicis; painful nodular growth of ear *149, 680
Chrysarobin, unusual tolerance to 381
Colloid degeneration of skin 709
Complement, hemolytic, influence of X-rays on 670
Craw-Craw: See Scabies
Creeping Eruption: See Larvae migrans
Cupric and cyanocupric preparations in tuberculosis and leprosy 826
Cutis gyrata, leukoderma, and pruritus of genitals 404
verticis gyrata 103

Danforth, C. H.: Studies on hair, with special reference to hypertrichosis *494, *637, *804
Darier's Disease: See Keratosis follicularis
Dermatitis after war substitutes 114
artefacta, traumatic ulcer (factitious) 128
bakers', report on 380
dysmenorrhoica symmetrica—a disease sui generis 393
eczema and *303
exfoliative 676, 859
exfoliative, after pemphigus 566
gangrenosa infantum *368
herpetiformis 122, 411, 556, 561, 674
herpetiformis; acute pemphigus (or Duhring's disease) 401
herpetiformis, Duhring's disease with lesions of mucous membrane 842
herpetiformis gestationis 685
herpetiformis, with extreme arsenical pigmentation 572

Dermatitis—Continued PAGE
hop dermatitis 108
medicamentosa: See Arsenic; Arsphenamin; Bromid; Butyn; Iodid; Phenolphthalein; etc.
occupational 550
rat-bite, with report of case.....*654
roentgen ray: See Radiodermatitis
seborrheic 690
Dermatochondritis nodularis helicis..... 694
Dermatology, index to current literature 145, 278, 419, 575, 717, 875
Dermatomyositis, chronic relapsing polydermatomyositis 536
Dermatophytes, new medium for growth and differentiation of..... 380
Dermatosis, clinical significance of some common dermatoses *759
configurate, of lichenoid type..... 383
progressive pigmentary, of leg (Schamberg) 276
roentgen-ray treatment *764
Dermite lymphadenique in cat..... 385
Diabetes, skin discoloration in..... 251
xanthoma in syphilitic with..... 251
Dick Test: See Scarlet Fever
Dillard, G. J.: Multiple hemorrhagic sarcoma of Kaposi.....*203
Diphtheria anatoxin skin test in children... 251
Douche apparatus, portable filiform..... 532
Drug eruptions: See also under names of drugs as Bromid; Butyn; Phenolphthalein; etc.
eruptions 373
Duhring's Disease: See Dermatitis herpetiformis
Dwyer, H. V.: Dermatitis gangrenosa infantum *368
Dyskeratosis follicularis: See under Keratosis

Ear, painful nodular growth of.....*149, 680
Ectodermal defect, congenital..... 662
Eczema and dermatitis.....*303
as allergic phenomenon..... 249
endocrinous disturbances in..... 828
experimental studies in.....*283
generalized, improved, following sleep... 560
glucose tolerance reactions in.....*623
in infants, etiology..... 522
in infants, sudden death in..... 526
of ear, and hair fashions..... 834
pancreas treatment, in infants..... 833
roentgen-ray treatment 243
treatment of 253, 688
Edema, chronic, of eyelids..... 404
congenital 833
Eichenlaub, F. J.: Clinical significance of some common dermatoses.....*759
Electrotherapy in dermatology..... 98
Elephantiasic tuberculosis and nocardioses 524
Endocrine therapy in infancy and childhood 249
Epidermis, Walter Frieboes' view of formation of 392
"Epidermite," chronic, of right thumb with trophic disorders 527
Epidermolysis bullosa *183, 558
Epidermophytosis 124

PAGE
Epilepsy, cured by neo-arsphenamin..... 527
syphilitic; osteitis of skull..... 527
Epithelioma 869
after roentgen-ray 692
early pregnancy and..... 536
flat epithelioma 681
glandular 539
in tongue, electrocoagulation of..... 397
menace of poorly fitted spectacles in elderly 825
multiple benign cystic..... 837
of little toe..... 871
of penis 698
pagetoid 530
prickle cell, and nevocarcinoma..... 522
prickle cell, of lip..... 274
syringocystoma 135
Eruptions, conditions governing pattern of cutaneous reactions 378
Erysipelas, antistreptococcic serum in..... 395
cured by injection of cow's milk..... 537
hemolytic streptococci from, causes skin infection in rabbit..... 825
rare complication of..... 103
Erythema annulare centrifugum..... 667
chronic migratory papulocircinate, of Darier 525
induratum 541, 545
linear 386
macular, with traumatic abdominal haematoma 379
nodosum and tuberculosis 254
nodosum, etiology 115
premycotic 383
type III sarcoid associated with infection of tonsils and gums..... *56
Erythredema: See Acrodynia
Erythroderma, exfoliative, in childhood.... 393
exfoliative, of new-born 100
exfoliative, provoked by neo-arsphenamin. 101
ichthyosiforme congenitale 569
persistent polymorphous 531
secondary, following seborrheic dermatitis 543
superimposed on ichthyosis..... 692
Excoriations, neurotic 678
Eyelids, erysipelatous necrosis of..... 395

Favus 680
generalized 564
Ferments of skin..... 113
Fibromas, multiple 127
Fibrosarcoma 559
cutaneous or progressive and recurring dermatofibromas 523
Finger prints, in identical twins..... 390
Fleisher, M. S.: Monilia as possible etiologic factor in psoriasis.....*756
Flumerin, in syphilis.....*768
Foerster, O. H.: Painful nodular growth of ear *149
Folliculitis decalvans et atrophicans..... 380
Fordyce, J. A.: Leprosy in New York City *1
Fordyce Disease; Fox-Fordyce disease.... .....389, 544
Fowlkes, R. W.: Ringworm of scalp in adults *446

PAGE

Fox, H.: Ringworm of scalp in adults....*446
Fox, J. C., Jr.: Value of flumerin in treatment of syphilis.....*768
Frambesia, clinical study of yaws..... 670
Fraser, J. F.: Interpretation of mycosis fungoides as a variety of lymphosarcoma *425
Fruit canners, mycotic paronychia and dermatitis peculiar to.....*186
Fungus, characteristic forms (Befallungspilze, Schwärzepilze) on skin of country people 390
of tongue 107
Furunculosis, autohemotherapy in..... 527
furuncles in face 253

Gangrene of finger due to scleroderma..... 376
spontaneous, of genitalia and antigangrene serum 533
Gildersleeve, G. H.: Value of flumerin in treatment of syphilis.....*768
Glossitis areata exfoliativa..... 270
Gold Test in general paralysis..... 251
Gonococcus sepsis 256
Gonorrhea, anorectal stricture and chronic inflammatory lesions from..... 386
gonococcic urethritis, arthritis, pulmonary congestion and zoster..... 529
Granuloma annulare 569, 708, 709
annulare, case of, in girl aged 14..... 690
fungoides 120, 697
fungoides, beginning at age of 14..... 561
fungoides, lymphoderma in erythematosquamous patches, lichenified plaques and tumors 531
fungoides; mycosis fungoides and sarcoma 553
fungoides, mycosis fungoides as variety of lymphosarcoma *425
fungoides; mycosis fungoides, tartar emetic injections in..... 696
fungoides, premycotic mycosis fungoides. 523
inguinale 695, 827, 863
inquinale, antimony compounds intravenously in 663
of unknown nature..... 563
pyogenicum of unusual location..... 103
Granulosis rubra nasi (Jadassohn)..... 100
Greenbaum, S. S.: Immunity in herpes simplex *789
Gruhzit, O. M.: Mercurosal in experimental rabbit syphilis *509
Gumma 276
infiltration of sternomastoid muscle..... 873
of forehead in congenital syphilis..... 839
of knee 140
of nose 541
of sclera 673
of tongue 141, 274
Gums, primary hypertrophy of..... 520

Hair, studies on, with special reference to hypertrichosis.....*494, *637, *804
Hammack, R. W.: Mycetoma *71
Hand, lesion of 410
Harkins, M. J.: Acnitis, with particular reference to bacteriologic findings.....*339
Immunity in herpes simplex.....*789

PAGE

Hartman, F. W.: Kolmer complement fixation as specific test for syphilis..... *91
Heimburger, L. F.: Amebiasis cutis, with survey of medical literature to date... *49
Hemangio-lymphangioma: See Angioma
Hemangioma: See Angioma
Hematoma, traumatic, in abdomen, with macular erythema 379
Hemochromatosis 825
Hemophilia and multiple angiomas..... 693
Herpes, experiments on..... 834
pathology 835
recurring, of a finger..... 538
simplex, experimental studies on immunity in *789
virus, identity of encephalitis endemica virus and 394, 394
zoster and varicella.....117, 833
zoster bilateralis or herpes zoster with aberrant vesicles 710
zoster, epinephrin for pain of..... 664
zoster in Hodgkin's disease..... 104
zoster lesions, blastomycosis (?) appearing at site of..... 562
zoster supervening in treatment of syphilis 525
zoster with motor paralysis..... 97
Highman, W. J.: Eczema and dermatitis..*303
Hirsutism: See Hypertrichosis
Hodgkin's Disease: See Lymphogranulomatosis
Hollander, L.: Urticaria pigmentosa with hyperplasia of thymus gland.....*611
Hop dermatitis: See Dermatitis, hop
Hydrarthrosis, chronic, due to congenital syphilis 873
Hydroa vacciniforme 557
Hydrogen Ion Concentration of skin surface 398
Hyperhidrosis, psychic, of palms and soles. 694
unilateral, and teeth erosion after parotid abscess 825
Hyperkeratosis, ichthyosiform 555
Hypertrichosis, hyperpigmentations and morphea 845
in endocrine disease 539
roentgenotherapy in 699
studies on hair, with special reference to *494, *637, *804

Icterus: See Jaundice
Idiocy, Mongolian, with Hutchinson's teeth 104
Immunization by way of skin..... 396
Impetigo contagiosa, management of, in maternity hospitals 374
herpetiformis-like dermatosis accompanying a mediastinal tumor..... 391
Infection of tonsils and gums, type III sarcoid associated with..... *56
Injections, intramuscular 112
Insulin, eruptions from..... 110
Intracranial pressure, treatment..... 116
Iodid, probable eruption from..... 547
Ivy Poisoning: See Rhus poisoning

Jaundice, following mercurial oil..... 385
syphilitic, a Herxheimer reaction during neo-arsphenamin treatment 385

Jaundice—Continued PAGE
toxic, due to neo-arsphenamin..... 385
Jute dermatitis 520

Kahn Precipitation Test in general paralysis 108
procedures of flocculation 526
Keratitis, experimental herpetic..... 525
Keratoderma and radiodermatitis..... 864
Keratosis, arsenical 701
dyskeratosis follicularis 529
follicularis, Darier's disease....133, 133, 841
follicularis, flat warts of dorsa of hands and pre-epitheliomatous senile keratoses of trunk 530
palmaris et plantaris 554
pilaris 269
symmetrical circumscribed, of extremities 386
Ketron, L. W.: Cultural requirements of acne bacillus *354
Kingery, L. B.: Mycotic paronychia and dermatitis; hitherto undescribed condition apparently peculiar to fruit canners *186
Klauder, J. V.: Experimental studies in eczema *283
Klinkerfuss, G. H.: Dermatitis gangrenosa infantum *368
Kolmer Complement Fixation Test as specific test for syphilis..... *91
provocative 245

Lane, J. E.: Skin diseases and syphilis in English colonies of North America..*721
Larvae migrans, parasitology of "creeping disease" 391
Leiomyoma cutis *466
multiple cutaneous 375
Leishmaniosis: See Oriental Sore
Lepers, causes of death at Culion Leper Colony 252
Leprosy 414, 682, 705, 863
complement fixation in, with defatted bacillus tuberculosis antigen..... 250
cupric and cyanocupric preparations in. 826
curability of 113
effect of antisyphilitic treatment on Wassermann reaction in..... 250
hypertrophy of male nipple in..... 380
in New York City.....*1, 518
maculo-anesthetic 705, 713
nodular, autogenous vaccines in..... 107
serology of 112
Leukemia, universal lymphatic, of skin.... 95
Leukemid 843
Leukoderma: See Vitiligo
Leukoplakia et kraurosis vulvae undergoing malignant degeneration 529
of prepuce and balanus..... 668
verrucous, of tongue 530
Lichen atrophicus et sclerosus..... 136
lichenification, unusual forms..... 384
pilaris: See Keratosis pilaris
planus, confined to mouth..... 856
planus erythematosus? 122
planus et acuminatus on psoriatic skin.. 392
planus, generalized 713

Lichen—Continued PAGE
planus hypertrophicus, mercuric salicylarsenate in 683
planus, in 9-year-old boy..... 711
planus linearis 862, 872
planus, of mucous membranes..... 126
planus, of penis 707
planus, treatment 109
scrofulosorum and papulonecrotic tuberculids 528
scrofulosorum, configurate dermatosis of lichenoid type 383
scrofulosorum, following Jousset's vaccine 385
scrofulosorum, with tuberculous ocular lesions 525
simplex chronicus: See Pruritus with lichenification
skin tests in 835
spinulosus, unusual type..... 667
Linitis plastica: See Stomach, leather-bottle
Lipoma of scalp..... 665
Lipomatosis, and hypercholesterinemia.... 384
Livedo reticularis? 853
Liver function test, serum tetrachlorphenolphthalein 372
Llama, immunized, serum from, in treatment of syphilis..... 538
Lovejoy, E. D.: Mycetoma..... *71
Lupus erythematosus 107, 257, 685, 691
erythematosus, and folliclis..... 124
erythematosus, and syphilis..... 523
erythematosus, and vitiligo..... 559
erythematosus, concerning communication of Dr. Schaumann..... 524
erythematosus discoides 119
erythematosus disseminatus 123, 672
erythematosus disseminatus, acute...106, 823
erythematosus; epithelioma? 868
erythematosus? Ulerythema ophryogenes? 871
erythematosus, with nodular lesions.... 852
in its surgical aspects..... 828
vulgaris 138, 707, 708
vulgaris, cactus spine pseudotubercle associated with *331
vulgaris erythematodes (Leloir)..... 857
vulgaris erythematoides 141
vulgaris, methylic tuberculous antigen; apropos of a communication of Lortat-Jacob and Bethoux..... 524
vulgaris, of penis..... 414
vulgaris, scarification with cauterization by alcoholic solution of zinc chlorid in 523
vulgaris, treated with methylic antigen of A. Boquet and L. Negre..... 384
vulgaris, wide excision followed by skin grafting in 386
Lymph Nodes, demonstration of lepra bacilli by puncture of..... 669
enlargement of inguinal glands..... 112
Lymphangiomas of eyelids..... 848
Lymphangitis, tuberculous 533
Lymphogranulomatosis, herpes zoster in Hodgkin's disease 104
Hodgkin's disease 527
Lymphosarcoma, mycosis fungoides as a variety of *425

Madura Foot: See Mycetoma
Majocchis Disease: See Purpura annularis telangiectodes
Malaria, painful crises of..... 523
therapeutic: See Neurosyphilis; Paralysis, General
Measles, etiology of..... 105
recurrence of 255
Meinicke Reaction 522
Melanoma, active immunization against... 253
Melanoplakia of mouth..... 389
Meningitis, chickenpox 252
Mercurochrome-220 soluble, cure of scarlet fever with erysipelas and streptococcus septicemia with 98
in pemphigus, etc. 552
Mercurosal in experimental rabbit syphilis. *509
Mercury absorption from skin, microscopic study of 519
compounds, diuretic action of, in atrophic cirrhosis of Laennec..... 532
Mesaortitis, syphilitic, and tabes..... 398
Microsporon audouini infection, endemic of, in Leipzig..... 390
Milk, injection, subcutaneous, in erysipelas 537
injections, intradermal, in cutaneous and venereal diseases 827
Mineral Oil injections, paraffinomas or fibroconnective pseudotumors following 521
Mitchell, J. H.: Trichostasis spinulosa or pinselhaar *80
Monilethrix 557
Morphea: See under Scleroderma
Movements, rôle of skin in..... 252
Mycetoma, case of..... 376
involving inguinal glands..... 396
report of 4 cases..... *71
third case of..... 97
Mycosis fungoides: See Granuloma fungoides
Myomas, cutaneous 382

Nails, congenital familial atrophy of..... 383
Negrities 560
Neo-Arsphenamin, death following intravenous injection of..... 526
myopia from 832
progressive scleroderma from..... 524
severe bleeding and purpura following *237
stabilization of solutions of, effect of glucose on *658
Nervous System, sympathetic, relation to dermatoses 836
Neurangioma of forearm..... 532
Neurodermatitis, circumscribed, or nevus verrucosus 401
neurodermite 273
Neurofibromatosis, multiple 415, 706
multiple, in children..... 398
multiple, relation of, to giant growth and blastomatosis 666
Neurosyphilis 245
intravenous and intraspinous therapy... 822
malaria treatment of.....114, 255
malarial infection, accidental, in syphilis of brain 376
neurorelapses and parasyphilis..... 116
six or more years after treatment..... 373
sulpharsphenamin treatment..... 243
treatment 833

Neurosyphilis—Continued PAGE
treatment, results secured by standard methods, 405 cases..... 519
tryparsamide and other drugs in, comparison of 375
tryparsamide in 519, 829, 829, 829
tryparsamide in, from ophthalmologic standpoint 374
tryparsamide in, results..... 374
tryparsamide in; study based on observation of 152 patients for 18 months...*579
unrecognized, in patient of syphilitic parentage 528
Neurovaccine on human skin, cultures of. 539
Nevocarcinoma 101, 102
and prickle cell epithelioma..... 522
cervical pseudolymphoma of nevocarcinomatous nature in infant..... 521
cured by radiotherapy..... 530
Nevus 267
anemicus 558
associated with parotid hypertrophy.... 383
hyperchromic patches of undetermined origin and of slowly progressive development 528
involving soft tissues and bony structure of face 861, 870
pigmentosus, of thigh, of peculiar papillomatous tumor form..... 101
vascular: See Angioma
verrucosus linearis (hereditary) 549
Nitritoid crisis 390
following injection of bismuth..... 387
Nodosities, juxta-articular, of Jeanselme.. 670

OBITUARIES:
Marcus Haase, 1870-1924..... 241
Onychia syphilitica 543
chronic paronychia 125
mycotic paronychia and dermatitis; hitherto undescribed condition apparently peculiar to fruit canners....*186
Orchitis of rabbit produced by inoculation with spirochete of rat-bite fever..... 671
Oriental Sore 383
cutaneous leishmaniosis 389
of face, phosphorated oil in..... 826
phosphorus in 250, 826
Ormsby, O. S.: Leiomyoma cutis.....*466
Osteitis, syphilitic, of left clavicle and the syndrome of subclavicular compression 533
Osteosarcomas, multiple, of skull and maxilla 99

Paget's Disease 99
or dermatitis autophytica? Case for diagnosis 132
Paraffinomias following mineral oil injections 521
Paralysis, General 397
and somatic syphilis..... 107
arsphenamin in 834
gold test in..... 251
length of incubation period in..... 256
malaria treatment of.....108, 254, 399, 824
presymptomatic phase of..... 244
remissions in 106
tryparsamide in 373
Parapsoriasis 385, 861
guttata with leukoderma..... 118
in plaques with an atrophic tendency.. 528
lichenoid type 861
Parasites, penetration, through skin..... 384

PAGE

Paronychia: See Onychia
Parotid hypertrophy, cutaneous anomalies with 383
lesions, with traumatic congenital pemphigus 382
Pellagra 554, 571, 854
Pemphigus 554, 709, 864
acute (or Duhring's disease)..... 401
acute septic *232
confined to mucosa 381
contagiosus, cause of..... 537
followed by exfoliative dermatitis..... 566
late, nonhereditary traumatic..... 382
mercurochrome treatment of..... 552
of evolution, essentially cicatricial, dermatosis related to..... 521
severe congenital 532
traumatic congenital, with lesions of parotids 382
treated with coagulin..... 561
treatment, Davis *782
Penis, complete destruction, with tertiary syphiloderms on other parts of body... 839
Periadenitis mucosa necrotica..... 849
Perifolliculitis capitis abscedens et suffodiens (Wise-Parkhurst) 560
Phenolphthalein eruption 404, 844, 870
Phlebitis luetica 133
precocious syphilitic, of left upper extremity 531
Phlegmons and their treatment..... 255
Phototherapy, pigmentation under..... 256
Piedra in Argentina..... 389
Pigmentation 845
hyperpigmentations, hypertrichosis and morphea 845
Pink Disease: See Acrodynia
Pinselhaar: See Trichostasis spinulosa
Pityriasis lichenodes chronica..... 683
rosea in infants..... 253
rubra pilaris 119
vesicolor, peculiar type of..... 101
"Poradenolymphitis" 522
Pregnancy, chloasma uterinum and epinephrin in 393
influence on malignant growths..... 117
syphilis and 394
